

Make effective use of sound and LED lights on your outdoor trampoline!
A generator under the jumping sheet generates 12V power when jumping!

9 FRESH IDEAS:

„JUMP THAT GREEN LIGHT OFF!“

1 LET'S GO!
Jump out all the lights!

2 REACTION TEST
with changing light positions.

3 KNOWLEDGE TRANSFER!
Integration into your lessons: generating energy and experiencing.

4 ENJOY THE MUSIC!
During sports and fitness exercises.

5 LISTEN TO STORIES!
Audio guides, children's stories...

6 PLAY YOUR GAME!
Music offers a lot of space for your own game ideas!

7 EXPLAIN YOUR PARKS!
Instructions, rules, info.

8 INFO ABOUT REGION AND NATURE!
Cooperations with tourist office and city marketing.

9 SPONSORING!
Advertising jingles and audio messages for sponsors.
